

Dehumidifier

Industrial Dehumidifier (Model: MSBKDH6.8DTSWISS):

Product Features:

- **Humidity Removal Capacity:** 7 liters per hour
- **Working Conditions:** Achieves maximum dehumidifying capacity at 30°C and 80% relative humidity
- **Air Circulation:** 2000 cubic meters per hour
- **Refrigerant:** R410A
- **Control Precision:** $\pm 5\%$ Relative Humidity (RH)
- **Applicable Area:** Suitable for areas ranging from 180 to 230 square meters
- **Applicable Temperature Range:** 5°C to 38°C
- **Defrost Function:** Automatic defrosting
- **Power Consumption:** 2100 watts
- **Drainage Type:** 10-liter water tank (standard) or external drainage pipe
- **Power Supply:** Standard 220V, 50Hz

Dimensions & Weight:

- **External Size (WDH):** 525 x 740 x 1155 mm
- **Package Size (WDH):** 770 x 590 x 1260 mm
- **Net Weight:** 95 kg
- **Gross Weight:** 100 kg

Application:

This industrial dehumidifier is ideal for large spaces (180–230 m²), offering precise humidity control in a wide temperature range with automatic defrosting and flexible drainage options. The R410A refrigerant and energy-efficient design make it suitable for various industrial environments.
