Overview

Board slots are made with a metal mold, and numbered labels in every section make filing simple. The Slide Drying Board Cabinet has a 1.2 mm cold-rolled steel base, a 0.8 mm cold-rolled steel body, stamped label slots and hidden ABS handles, in a slim 450 × 315 × 1210 mm footprint.

Store the finished slides from your boards in our Slide Drying Cabinet, a matching unit to the Slide Drying Board Cabinet.

Stacking slide trays on benches causes the issues below. The Slide Drying Board Cabinet resolves each one.

Key Benefits

Holds 96 Boards
Four modules keep a large stock of drying boards in one place.

Slim Footprint
Only 315 mm deep, so it fits beside benches.

Easy Filing
Numbered labels in every section.

Steel Construction
Cold-rolled steel base and body.
