Overview

Slide slots are made with a metal mold for a consistent fit, and numbered labels inside the drawers make filing and retrieval easier. The Slide Drying Cabinet has a 1.2 mm cold-rolled steel base, a 0.8 mm cold-rolled steel body and drawers, stamped label slots and hidden ABS handles, in a 450 × 478 × 1295 mm footprint.

Keep blocks and slides together by pairing the Slide Drying Cabinet with our Tissue Block Storage Cabinet.

Keeping slides in boxes leads to the issues below. The Slide Drying Cabinet answers each one.

Key Benefits

Large Slide Archive
Up to 8,928 slides in one cabinet.

Consistent Slots
Mold-formed slots hold slides uniformly.

Quick Retrieval
Numbered labels inside each drawer simplify filing.

Robust Steel Build
Cold-rolled steel base, body and drawers.
